“ Carolyn, Kim, Darlene and Renitta, Please know our hearts go out to you and all your family. We have been on this same path with your mother and Charles' mother and it is ironic that they both left at the same time. I am thankful God put us together because being able to talk to you all Carolyn, Kim and Darlene and making comparisons and just being a support system for each other eased a lot of anxiety. Words cannot express our feelings, but we know that they are both in better places and whole again and instead of traveling that road here on earth they are now traveling a much better one now, one where there are no memory problems and the mind is whole! We love you all.
