“ *Jim Whitsitt emailed about your Mom and several others from Jacksboro. . Thoughts of your Mom from when we were in high school brought fond memories back to me. She was always doing something and so full of life. One thing I know is that she loved her family greatly. You have our deepest sympathy and our thoughts will be with you in the days to come.*

*Love to all of you,
Teresa Baker*

“ To the Jackson Family: We send our thoughts and concerns for all of you. At the present time I am on the road to recovery of having a complete knee replacement, and I am limited to my being able to come and express myself in person.

There are many good memories of your parents, grandparents, and you two children in particular. The days long ago when we had GA's at church and we saw you all as you achieved in that. I have visited your parents many times, and those were enjoyable times. I regret that I will not be able to walk well enough to attend the services and express myself in person. I just this past week talked with Pearl Frazier who often times (when they lived here spent time with you girls). She has often ask about you all since their moving back to Tenn. Your whole family will be remembered by many from years gone by. Time comes and passes, and brings hard times and heartache, but we can be assured that we have a God who is always there and ready to help us in our every need.
