“ My love and prayers are with you all in this sad time in your lives. Chris was a chosen child in the lives of 2 very loving and caring parents who were so blessed to have a child. I remember how happy and excited they both were. He was truly a God-sent gift. Lean on God in this time of sorrow and He will sustain you. Know that we will all be together someday in Heaven.

“ Chris was a good friend and mentor. He was one of the first friends I had when I moved to Texas back in 1996. He was a bright, optimistic and friendly person and I always enjoyed his insightful stories of times gone by. I spoke with him not too long ago about job opportunities so this comes as a great surprise to myself and others that have known him over the years. Our hearts and prayers go out to his family as he will be greatly missed.

“ Chris gave me my first computer job here in Dallas, then when he went to Scott Studios, he called me and got me a much better job there. He was a good guy, quirky and a confident, smart joe.

*I credit him with me getting my foot in the door into the computer world.*

“ Chris was someone we also looked forward to seeing at KZPS - he was so much fun and had us laughing all the time with his wise guy sense of humor. We worked together on many radio remotes and concerts and I always felt confident knowing he was there to make things work right and to make the event fun. He was a special person, someone you don't ever forget. He is greatly missed.

“ Many tears will be shed for many days to come. Chris had such an impact on so many of us. Chris was more than a friend, he was family. I learned so much from him about letting go and laughing at life. I can't watch Monty Python or The Usual Suspects without thinking of Chris. I learned to enjoy life, as well as eating chili dogs and watching the planes at Addison Airport. Thank you Chris for all that you gave to me, you will be missed.

“ I want to thank you Chris, you always made me smile and saw the bright side of life. Even when you and Jim Corley almost duked it out in my office!

*Ill never forget; if it wasn't for you calling me up and telling me about this cool place called Scott Studios, my life would be very different today, and I thank you for that.*

*Im sorry we did not stay close over the years, but my 18 year old still remembers you and your "The Tic" action figure you kept in your office at Scott Studios. You were always a kid as heart!*

*Be good old friend.*

“ You can never replace anyone; for each and every person is made up of such beautiful specific details. Chris was an intelligent & witty man. He had great engineering skills and stories & only kind words about those he spoke of. I am saddened by his passing. Our prayers go out to his family in this difficult time. "Do not worry about anything, but in everything, by prayer & petition, with thanksgiving, present your requests to God. And the peace of God which transcends all understanding will guard your hearts & minds in Christ Jesus." - Philippians 4:6-7. Rest in Peace, our good friend, until we meet again.
