“ Daniel,

*I remember the first time I met you...didn't know quite how to take you...lol, but then as I got to know you, you came to be a great friend and brought much joy into mine and Buddy's life! You were there for Buddy when he needed you the most and that means so much to me! You were always around to turn my frown into a smile when I didn't really want to. You were there to be a friend to my boys...someone they could talk to when they needed it. You were just an all around GREAT guy and I wish I could have told you that in person. You brought Shannon, Jacob, and Dante into our lives when we needed friends the most and for that, I am grateful!! We love you Daniel and you will always have a place in my heart!! Your Ms. Tara*

“ *Me and Daniel never had a harsh word, he never did me wrong. I know he went through some rough times and I wasn't always there in person but he knew I was there if he needed to talk. I thought something was wrong because he had stopped returning my e-mails. Then I herd he was back in GA but wasn't able to see him.*

*I have lost a friend but am releaved he is no longer in pain. I wish this did not happen, but I wasn't in his shoes.*

*R.I.P. my Friend !*
