“ A real whole type of woman...you are what they call the whole package type chick! First thing i noticed is that you knew all names of tools and how to use the things....car fixing fool...and not a female who has to call a male every time a screw driver needs a turn. Your very observant..being quiet and withdrawn if the situation and or ppl in it were not worth your time or attention...but you had a roar like a lion if you had righteousness on your side. You speak up and stand firm in what is right ...and for the under dog...always. your quick to give a hand up ...never to beat another down....unless there was no other choice ..hehe ..some memories will be just between us...and always make me smile. Im so glad I knew you.

“ Danielle was a sweet caring girl who passed way too young. I will never forget the love and care she gave to my Aunt Cricket during her battle with cancer. She meant a lot to our family and will not be forgotten. Rest easy sweet girl.
