“ *Steve & Judy, My heart is saddened with your loss. Dollie was such a pleasant and God loving person. May God comfort you and your family in the palms of his hands.*

“ *Dollie was a very nice and sweet lady. When I was a child I would hear my mother, Larene, talk about the twins; Dollie and Mollie. She always had nice things to say about the both of them. When I moved to Jacksboro is when I got to know the twins. Dollie was the one that insisted that I sign up with the people that got me my job. I am glad that she did as it as been a help. I know she will be missed, but she is with our Lord and Savior. God be with you family and freinds.*
