“ *I wanted to let you know that Dorothy is truly missed. I think about her often and know that I will miss her a lot. She was a true friend and a wonderful person to be with. I will miss her laughter and her wit. She was always laughing about something.*

We need to remember that Dorothy is asleep in death and that she is awaiting a time with God will call her to raise up from her grave and live again. To live in a world that is not filled with hate, jealousy, sickness or death. A time when all who are there will be at peace with one another and will say everyone is their friend.

I hold out that hold that she will be there.

I pray that the hole that her death has caused will heal. We need to remember that she is not suffering and that we will see her again.
