“ *I knew Dub from a very young age and I was always welcomed into his and Lois's home at any time. And I always felt very much at home there. We all went through some hard times together, but we all made it. As I got older and had a child of my own, her Father and I always took her by on Halloween to treat or treat Dub & Lois and his face always lite up to see us. What a welcoming feeling! We always tried to stop by, if only for a second on Christmas Day just to say Hi and let him know that we were thinking of him and how much we all loved him. He was such a wonderful man, always had a huge smile and hug for me. And his hugs were the best! As we all got older, we didn't see each other much and for that, I am so sorry. I got sick and wasn't out much, but my Mom would run into Dub and he always asked about me, my daugther and her Father. What a Grand and Thoughtful Man he was, larger than life. He passed before I even knew he was so sick and I regret not getting to say Goodbye. But I know he is looking down on me now and he knows how very much that I love him, I know that he does. Heaven got a wonderful new Angel the day that Dub arrived.
To the family, I am very sorry for your great loss and ya'll will be in my thoughts and prayers. I love you all.
Dub...I Love You Always!*

“ We are in Harlingen, Texas at this time. I came to library to check on my mail, and noticed your dad had passed away. We will use this way to express our love and condolences to Danny, Crystal and all the Morris family. We are never ready to give up our loved ones, but God has a perfect plan, and he will give strength to those needing strength. God bless all of you is our prayer. I pray that all of the family would stop and consider, search your heart to know if you have accepted Jesus as your Savior and are ready for death when that time comes. I hope you will not be offended at me for expressing my desire that all of this wonderful family know the Lord. But we are only given one day at a time, and we need to be ready when our time comes for death. Love, Mickey and P

“ Lois, Danny, Barbara, and Phillip,

I want to let you know how much I loved Dub, he was just a sweetheart. He worked with my oldest daughter Tina, and he always asked about her and her boys.

And he always asked about Larry and how he and the oilfield was doing.

I will miss him greatly.

My prayers are with all of you.

“ I will always remember one of the strongest, hardest working men I have ever known. My Paw-Paw Dub was a wonderful, loving man. I will miss him dearly. I will always cherish the many memories of sitting in the backyard while Paw-Paw cracked peacans from his huge tree and let me eat them. I will remember him working in the garden and visiting him at the Fort, upon many other memories. I know he is in a better place with our heavenly Father and I have peace knowing that he is not suffering anymore.

“ My prayers are with the families and most of all with Lois, during this time of their loss. Dub will always be remembered as the wonderful husband, father, grandfather, son, uncle, brother and friend that he was.

Families don't come about by genetics alone, they are formed by love.

My children and I remember a very loving grandfather, who was a giant of a man in their eyes, who always treated their grandmother with loving admiration.

He will be greatly missed by all who have been fortunate enough to have had a kind word, a hug, a smile, he was truly an inspiration to all of us.

You all will always be in my heart as well.

*Love to all the families,
