“ *I am so sorry for the loss of yall's Dad,Husband,Grandpa,or friend. He will be missed by many. I know I talked to my mother Colleen Gary and she always enjoyed working with Dewayne at the Police Department and she was really upset that we did not get to make it up to the funeral home. I just found out too late. I am so sorry that I was not there for my friend Crystal and the family. If you all need anything just give me a call.*

*Love,Sherri*

“ For nearly 50 years you were my much loved little brother. You were always there for me and any time I needed you or my family needed you, you always seemed to know and there you were taking care of things...usually quietly behind the scenes, but I will never forget your many acts of kindness....the many hours you spent at the hospital. There were just so many things that you did to make my life easier. You and Marie were always there for my daughter and when she was small took care of her as you did your own children. I am thankful for the many holidays that we celebrated together. I am going to miss you very much as will all of the family. Save some seats for us as we will be joining you by and by...
