“ *My great grandmother was the kindest person I've ever met. She loved fully and never let you feel like you didn't fit in no matter how different you were. I could never have asked for a better example of patience and understanding than what I got from her.*

“ *My great grandma, i love and miss you so much already. I never wanted this day to happen, and I'm so sad you're gone. I know grandpa had to go home with you, and that makes this just much harder. I know you are not in pain anymore, me and my babies will miss you more than you'll ever know. Watch over us, fly high*

“ My grandma loved with everything she had and yes she loved babies so much. One of the last conversations I had with her, she said she was so thankful for all her babies and that she couldn't imagine a life without them. She said "What would we have done with all that time." Now here we are without her. I love you grandma, thank you for our ice cream trips and I'm going to miss you. Now get grandpa up and get to dancing. Until we meet again, I love you and will think of you everyday.

“ Tiffany and family thank you for sharing this beautiful amazing lady with all of us at Greystone. Your grandma brought so much love and joy to my life.
Maw one of my favorite memory of the time I got to spend with you is when I sat next to you and you talked to me the very first words I heard from your living voice was “ well there you are angel don’t ever change and don’t leave don’t quit” you brought tears to my eyes and a smile to my heart. No matter how my day went I couldn’t help but smile when I opened that door. Go rest high on that mountain sweet lady and hug papa for me. I love you

“ *Love to all of you. My memories of Aunt Glynns are of her kindness to me. Her home was a safe place and I knew she was there for me. We had great family times in her dining room. It didn't matter how many of us were there. There was room for all of us. I miss those times. Vickie Burt*
