“ *Joan, I know that you are in a much better place, but wanted to take this opportunity to remember the times we shared when we worked together at the hospital, the times we laughed together, took breaks together, the times you mothered over me, the things you taught me, the times in the ER when things were bad all I had to do was look up into the most caring eyes in the room and know that it was going to be okay. You were one of my favorite nurses to work with, always kind-hearted, patient and always eager to teach. I don't know if I ever said "Thank You" but just know that I am thanking you now and am praying for the ones you leave behind. To Dan Roy, Linda and the rest of the family, may God bless and comfort you through this time of sorrow and just know that she touched a lot of lives while on this earth and was one of the nicest people I ever had the pleasure of working with and becoming friends with. She will truly be missed.*
