

Johnny Callan

February 2, 1999 - November 26, 2016

John Leonard "Johnny" Callan, of Jacksboro, Texas, was born on February 2, 1999 in Fort Worth, Texas. He was tragically taken from his family and his many friends on Saturday, November 26, 2016 in Palo Pinto County, Texas. He was 17 years old.

Johnny attended Jacksboro High School where he served his FFA chapter as President, was the Area IV FFA President, and was a Ford Leadership Scholar at the state level. He was: on the National Champion Team in FFA Range Evaluation; placed in many other State FFA competitions; and served as a voting delegate at the National FFA Convention and numerous state FFA conventions. He also earned the Lone Star Degree and was a champion of multiple livestock market goat shows across Texas.

He would have been the Valedictorian for the Class of 2017. He was president of the Student Council, and he was involved in Beta Club, NHS, NSHSS, FCA, 4-H, and FBLA. He individually designed, raised funds for, and met with city officials to facilitate the construction of a public lake dock; participated and helped plan "Operation Restoration" an event to clean up houses of those who were unable to do so; and tutored high school students free of charge.

He was loved and treasured by all who knew him. He was passionate, committed, dedicated, and talented at everything he did. Most of all, Johnny

was caring, compassionate, kind, and loving. Words cannot describe the incredible person he was. He will be missed and loved forever.

Among those that will cherish his memory include: his mother Kerri LeDoux and husband Gus; father Joe Callan and wife Nia; sister Alexis Callan, brothers Grant LeDoux and Beau Spears; grandparents Jimmie and Lelia Cozart, Johnny and Verna Callan, Rick and Linda Heitzman; and many other extended family members and friends.

If so desired memorials may be given to:

“ When Johnny was in 8th grade, I drove him back and forth to the high school for his advanced math class. During those short drives, I discovered what a special kid Johnny was. He asked me questions almost nonstop. His thirst for knowledge was an incredible thing to see. Even more striking though, was his sweet personality. He was a great kid and his loss is felt by everyone who knew him.

“Hi there, my name is Allison Haubold. I would like to extend my arms out for your family. Johnny was a very good friend of mine and I will miss him dearly. I only met Johnny a few months ago at the San Antonio livestock show in February, but I feel like I have know him for a lifetime. Johnny came out to our ranch north of Decatur a few days after we met and he helped me pick up some pretty big rocks from a road we just put in one of our pastures. Before we got to work, my dad pulled him aside and asked if he could drive a tractor. Johnny said he would give it a shot! After four hours of picking up rocks I figured he would never want to come back out there because of what we were doing. But he and I talked for hours and really got to know each other. We went up to the house and had waffles for a snack because we talked about how much we both loved waffles:) Johnny and I went to the backyard and jumped on a trampoline and he did the most perfect toe touch I had ever seen a boy do. Then he got fancy and tried to do a flip but then hurt his back. The sun started setting and we walked out towards it in the field by my house. We climbed up a tree and sat there and watched it set. He helped me out of the tree and we started back to the house. We had a really deep conversation about how much we liked each other. This may sound odd and I know I was only 16 at the time but I grew to have such strong feelings for him in such a short period of time. After he left we talked about all the things we were going to do together. Some of them that we talked about were going to his first concert, he was going to take me to Joe's Crab Shack since I had never been there, and just riding around together listening to country music. He told me he never really cared for that genre of music but since it was all I really listened to he started listening to it a whole lot more! He would ask me who my favorite artists were and he downloaded their top 5 songs from iTunes. Johnny and I talked for a few weeks after that and we grew even closer. He was the first person that was always interested in who I was and what I liked to do. Honestly I was afraid of hurting him, so I kept my feelings to myself and pushed him away. Johnny was one of the greatest

people I have ever met and I am so glad I got to know a person like him. He has shown me the true meaning of leadership, friendship, and always remaining humble and kind. This year I decided to show two goats instead of lambs. Today, November 27, was the first time for me to see them. Before the accident happened I decided I was going to take a picture of me with my goats and send it to Johnny. One thing I remember was his goat named Whatta, it was his Houston goat. We always talked about that goat and how much he loved him, so I have named my goats Whatta, and Burger so that Johnny will always be with me in the show ring and will be the person I look for in the crowd to be smiling back at me. He had the greatest smile, it always made me feel loved and safe. Not a day will go by that I will not think of him and miss him. I loved your son very much and I just wanted to tell you how much he meant to me and how great of a person he was. There is a video on his instagram of him saying, "I can serve, and change the lives of others." I watched this video 300 times last night clinging to his voice and thinking about how much I would miss it. This saying has been engraved on my heart and I will continue to share it with other people. I believe that God has a plan, and even though I do not understand now what that plan is, I have faith that things will get better. I hope he is watching over all of us and guides us in the right direction. He gets to spend more time with Jesus and keep an eye on us from heaven. I will forever remember all of the fun times we had and how special he was. I have always hoped of meeting his family but never on terms like this. I will continue to live like Johnny. God bless.
