“ We had planned to attend the memorial service, but things didn't work out. This is a long story-I will try to shorten it. We started at 7:30 a.m.today moving our cattle from the pasture on the west side of the highway to the area where our house is. After putting the cattle in the lots it was noticed there were many flies, and thought the cows should be sprayed. The old spray had not been started in a long time, and after much work on it got the motor started;after that the hose used to spray had some leaks in it. So the spraying has just now started. I would have sent this sooner in order that you get it before family went to Church, but things didn't work out. I will stop on that explanation.We do want all of youall in the Lewis family, to know that you have a special place in our hearts. We wanted to see all of you, but that will not be possible. I am a firm believer in prayer, so we can only pray for all of you instead of what we had planned.
Thank you to all the family for your friendship down thru the years.

“ To all the family,

Terry called and told me about Ann. I am so sorry for all of you. Isn't it just about a year since Elzie passed? How time flies! It is good that Ann is relieved of all her health problems and can go on to be with Elzie? We are thinking and praying for you guys as you go through your loss. Time does heal.
