“ Dear Paula, Bryan and families:

*There are not words to tell you how much Margaret meant to me and my family---for over 70+years she was with our family in one way or another. She was my mothers (Dorothy Jean Hutcheson's)life long friend and she took care of and was a wonderful friend to my grandmother (Julia Thompson Tate) Honey, as we called her thought of Margaret as a daughter. In my 62 years I can not remember a time when Margaret wasn't there for our family. She will be missed in so many ways and personally I feel that I have lost a wonderful friend. She always made me feel loved and when I lost my mother and then my grandmother she was my only connection to Jacksboro--a town that has played such a big part in my life. The community has lost a wonderful "daughter". She can now renew all of those old friendships that have gone before her. Love to you all.*
