“ *Edward and Family,*

*I have just heard of your loss and I wanted you to know that our thoughts and prayers are with you all. Your mom/grandmother was a very special and caring lady. I first met her in 1981 and she showered me and my family with blankets and an even warmer welcome during my first visit. She was so gracious and easy to talk with at each visit. I only regret that we weren't able to visit more often.*

*I know that each of you will miss her dearly, but do know that she is now pain free and serving as an angel of God. She and your dad/grandfather are now together again, looking over each of you.*

*With deepest sympathies,

“ So sorry to hear about the passing of your mother. I haven't seen you in a while or your mother, but I remember her as very graceful and dignified. Please accept my sympathy in this time of trial.

“ I only met Frances twice, however I still remember her gracious and compassionate towards activities at the church. She and her husband have left a fine steady path for their son Edward to follow and I would like to extend my deepest solitude and support to Edward going forward.

“ Our thoughts and prayers are with all of you. Francis was an example of a first class lady and one we will truly miss. Sonny and I will miss our visits and I will miss our phone conversations, having lunch together and drinking lots of coffee. She was a friend and one of the wisest women I have ever known. She always made me feel very important to her. She had GRIT. God Bless All of You and know that She is in Heaven now and No More Pain.

“ Ms. Frances was a real "lady" in every sense of the word. Intelligent, well versed, strong in etiquette and world news. I used to enjoy talking with her on historical facts and current world events. Her knowledge amazed me. Moreover her down to earth common sense and kindness is what I will remember most. She was a blessing to know. My thoughts and prayers are with you.
