“ Preston over the last 20 years lived in Virginia with Anita Frank who he loved very much, and she him. They lived in Sterling, VA until he started to unwell and had to leave. Anita has never forgot about him and thinks of the good times they had together, Traveling and dinners and building a life together. She supported everything he did.

Preston was not just a parent, grandparent or bricklayer he was a kind a gentle man. I remember meeting him for the first time when I was 6 not knowing what to think of him and my grandmother Anita. Over the years our relationship bloomed and even though I did not call him grandpa he was more of one to me than my own. Preston saw me graduate high school, buying my first car, get married move away to Australia and start my own family. We think of him often here and even though my daughter Halie has never met this great man she knows who he is from the photos I point out of him everyday, from the life he lived in Virginia and the family and friends he had there and always will

I will always remember him as a kind, giving, loving, understanding truck driving man who always wanted to do things for himself and never like to ask for help, he could be stubborn everyonce and a while in regards to the everyday things but that is what we love about him.

You are in piece now and we love you always
Christina, Michael and Halie Townes

“ *Dennis, I am so sorry to hear about your Dad. I did not know him, but knowing you and your family there in Jermyn when I lived there, he will surely be missed.*

I am a friend of your mom and Veila. It's been many years now since I lived there on N. Wise Street.

May the Lord's blessings be with you at this time of need.
