“ *Pack worked with him many years ago. He was a great guy. I knew him also, in later years when we worked out at the Old Armory Building.*

“ *My dear sweet Granddad,*

You were for so so many years the rock and patriarch of our sweet little family. We all loved and adored you so very much. When your body became weak, I started to see the sadness in your eyes. I know you held on as long as you could for us. I love you so very much and promise from the bottom of my heart to take care of Mema.

Your loving and grateful Granddaughter

“ Granddad,
Where to begin with the many memories we shared throughout the years I'm not sure.... The first memory that continues to stick out in my mind, is every time I would come to visit in Jacksboro, you and Mema would always take us to the Mall, and then to Piccadilly. I have such fond memories of you and Mema always sharing a chicken breasts and some mashed potatoes, then after we would finish eating, you would always sit and watch me ride around on the carousel. The next memory I have is the swing you built for Sam and I out in Jacksboro. The time you spent building the swing, carving our names in the cement, then pushing us in it will never be forgotten. The third memory that always sticks out in my mind was more recent. I remember when I turned 15, and you would always let me drive you on "chicken runs" to Chicken Express. These were special times for me because it gave me the opportunity to bond with you one on one. Finally, I want to thank you for all the times you listened to me tell stories about school and life in general, and then you would telling me stories about your life growing up. Your story telling is some of the most cherished memories I have. I know these words maybe a little jumbled, but these memories and many more will be with me forever. Thank you for all the memories Granddad. You were a great man, and I am proud to be able to call you my great-grandfather. I promise to keep going to see Mema and taking care of her the best I can. I love you always and forever. Your loving great-granddaughter, Rachel.

“ My sympathy to you in the loss of Bob. My parents always thought so much of Bob during those years when Daddy worked in the Jacksboro Post Office with him. He was always a very gracious man whom I know all of you will miss greatly. My prayers are with you as you conduct the memorial service. Larry
