“ Stevie was one of the best brothers(-in-law) a person could have. We have had so many good times together the page isn't big enough to list them all. His love for my sister Kathy was true and unconditional a quality you don't find everyday. Stevie was my "Superman" just like the costume he wore on Halloween! I remember when Kathy was sick I would go over on Friday nights to give Stevie a break, he would go out for a while and karaoke come back home and sing to Kathy and I. He had a heart of gold. I love you Stevie,

“ Steve was a good friend and neighbor. We had alot of good times together fishing and playing domino's. we went on roadtrips like to visit my uncle at lake texoma and we just always had a good time together. One time in particular that was a funny moment was one day we were fishing and I had caught a fish and Stevie had asked me what kind of fish is that and I said it is a Drum and he hesitated a minute then he said to me Hmmmmm..... well then I think I will throw out there and try to catch a "banjo" then we will have us Band! Stevie was my friend and I will greatly miss him.

“ I was very saddened to learn of the illness and passing of Steve. Our prayers and thoughts have been with all of you throughout the last few weeks and know that this is a very tough time for all of you. Please know that we will continue to pray for you in the days ahead. I am sorry that I didn't get to visit with Steve before he died but I do remember the times over the years that we were able to catch up and give each other a hard time. As awkward as those high school years were, we were very blessed to be as close as we were then and to still be able to be there for one another these 30+ years later. May God comfort your hearts at this difficult time!
With Love, Mellie

“ Steve was a good friend, he will always have a place in my heart . We were close during our days of young . We would stay up late at night listening to Three Dog Night records and sneaking out late at night riding our bicycles to surrounding towns . We went to concerts together thinking how cool it was! When we got older Steve (Weavie) would always take the time to come by the house to visit. Something I will never forget. As I write this tribute to Steve tears stream down my face because of my selfishness. I know without a doubt that he is with Jesus now and how I know is because he told me Jesus was in his heart and he knew where he was going ! Steve had an amazing sense of peace and bravery the last time I saw him!
Bye for now Steve, I'll see you in our next life !
