“ Valerie if it hadn't been for you our life wouldn't be complete. I never got the chance to thank you for that amazing gift you sent our way. You didn't have to listen to me that night or pass the information on to the right person but you chose to and I am forever grateful to you. Thank you from the bottom of my heart. May you Rest In Peace...

“ Back when Hannah was a baby and not in Jacksboro. Clifford was worried she wouldn't know her sisters and all she was missing. I remember barging in the house and making you girls let me take pictures and I put them in a photo book for him to give her. I remember the deer in headlight looks from each of you as I bosses y'all around your own house. Each of you were good sports for me and held the place together and helped dad till Hannah got back. I always will remember how your dad handled raising all girls.

“ Precious little blonde-haired Valerie. She was in my Kindergarten class at JES. I'm very sad to hear of her passing and especially so young. I know she had a rough life and I pray her soul is finally now at peace. Becky and Kelli, you are in my prayers. ❤️ .

With sympathy,

“ I truly wish things had turned out different. These past few months I got to know you quiet well & we both put alot of trust in one another & there's nothing I wouldn't have done for you. You weren't given enough credit or recognition for the amazing person that you truly were. You had such a big & caring heart. The love & dedication you had for your sisters was one that so many spend a lifetime hoping to have & I know they are gonna miss you dearly! Im honored that I was able to get to know you. Not the Valarie that this town thought was you BUT the real you . The Valarie that if others would have taken the time to know then I'm sure they all would have loved you as much as your family & friends do. I know my daughter thought highly of you & she would not allow anyone to ever speak Ill of you in her presences. Honestly my heart is broke right now. I don't know how to feel , what to feel , what to do or to say ! I feel confused , & angry & so sad. But at the same time I feel a little bit of relief because I know that you are no longer in pain of any kind & that you no longer have to suffer or struggle each day to fight the demons In your life that you were dealing with. I can't put into words the unique & 1 of a kind special/beautiful woman you were ! I wanna say thank you for befriending me these past few months , thank you for all the long talks we had, thank you for helping me when I needed help, thank you for being good to my daughter, thank you just for being YOU ! Life can be very unfair sometimes & I wish life had been in your favor for a bit longer than it was but I'm glad I was able to be apart of your life for what time I was permitted to be. Whats happened to you has really messed my head up. Rest easy Valerie & enjoy eternity with your mother & babies & watch over everyone down here & know that you are loved & missed by so many down here. Love you Valerie ♡♡♡☆◇☆
