“ Mrs. Deweber (granny, as I called her), was like a mother to me. She did not have any daughters of her own, so she made me feel as if I was hers. No matter what, she was always there to listen when I needed someone to talk with. I learned a lot from granny down through the years. Nothing meant more to granny than family and friends. She never ever mentioned wanting anything for herself. If she bought anything, it was always for one of the family. We could all take a lesson from her, in that we need to be more content with what God has already blessed us with, instead of constantly wanting more. Granny and I may not have always agreed on everything but I always knew no matter what she loved me, and she knew that I loved her. I thank God for the privilege of being her caregiver the last year and 1/2. She taught me what was really important in life by her example. I would not trade the time I had to spend with her. Granny, I wish I could have made life easier or happier for you while you were here, but I know you know that. I hope I can remember how to make the chicken and dressing that you have helped me with every year. I miss you more than you will ever know. I know where you are, and I will see you again someday. Thank You for all you were and still are to me. You will live on in my heart forever.

With all my love,
Your daughter, Terri

“ Granny was the most awesome person in the world. There are not enough words to describe how mohterly granny was to everyone she saw. Granny would call to check on everyone and tell us things we didn't even know. You could call granny and talk to her about your promblems and she would always come back with positive answers. I could take anything to her and she could fix it wheather it be clothes, food, or health problems. Granny even helped me with a geometry project, ring bearer pillow for my wedding, all my pillows I collected she made by hand. Granny could not wait to hear, talk, and see Kasen. Her and Kasen loved to play ball. I could go on and on sharing wonderful memories about my special granny. I love and miss her already and can't wait to see her again some day!!

“ I married into the Morris family in 1981....and from the first day I met Aunt Cleo....I was her family.

I have many memories of lots of fun times â?!.Easter egg hunts, going fishing, Thanksgiving meals or just getting together for homemade ice cream.

Our two girls called her â??Grannyâ?? since they were little and always had fun at her house coloring or doing puzzles.

Aunt Cleo liked to laugh. I remember one warm summer night we were there and Michelle, Monica and Zach were in the back bedroom telling scary stories and Danny snuck outside to the window and scratched on it and then holleredâ?!. and those three tried to make a new door into the bathroom and then fell in the floor. Aunt Cleo and Barbara and Valerie laughed until they cried.

Aunt Cleo loved to talk on the phone. I will miss my almost daily visits with her. She was like my best â??girlfriendâ?? that I could share secrets and troubles with and she would always listen and comfort me. I will miss talking about what was happening on the â?? scannerâ??, the weather, and the updates on her family and many friends.

Today is a very sad day...we are saying goodbye...â??for nowâ??...to one of the greatest ladies I have ever known.

I miss you Aunt Cleo. I will love you forever. Save a place for me at that wonderful banquet table in heaven when I see you again.

“ I am Cleo's "great-niece", but she was much more than an "aunt". She was Granny and always will be. Anyone who knew the relationship she had with her family; could see the closeness and love, which was shared.

And that is why it was so natural for some of her great nieces and nephews to call her Granny, rather than Aunt Cleo. She will be missed dearly each and everyday.

You taught each of us so much. About life, family, relationships, home remedies, cooking, weather, and oh how the list could go on. I know you will never be very far away, for you are so close to our hearts.

I love you Granny.

“ (I am Lula Bell Long's Oldest Daughter)

Mrs. Deweber was one of the nicest women that I ever met from the time I was a child living across the street from her and Mr. Deweber. After I moved away when I came home it was a joy to go and sit and talk to her she always had kind words. She will be missed .God Bless you all during this time.

“ *I will always remember Mrs. Deweber as one of the hardest working persons I have ever known, she would get up early and deliver papers and freight and everytime I stayed there she would always cook the best food and always have time to help in any job the boys were doing at the time. There was no steak fixed better than hers and I will always remember what a great person she was and have always been thankful for knowing the family. Billy*

“ Mrs. Deweber was a very wonderful neighbor and friend. She has been greatly missed since she has been gone from second street. She has been like a part of my own family since 1993 when my family moved across the street from her. I never had to worry about my house when I was gone for weeks at a time when Buddy was in the hospital. I knew that my children were being watch by an extra set of eyes every time they were outside. If she heard any kind of commotion coming from across the street she never hesitated to call the police. As long as she was across the street I never worried about anything. I just pray that I was as good a neighbor to her as she was to me. I took her flowers the last time that I knew she was home and she still asked about my children and grandchildren. My thoughts and prayers go out to each and every member of her family. Goodbye Mrs. Deweber rest in peace. Thank you for your loving kindness and friendship. I love you and will miss you deeply until which time we will meet again.

“ When I think of Mrs. Deweber, I think of love, friendship and loyalty. I will miss her dearly. She was a loving friend to me and my family and I will always remember and cherish her memory. I will always remember talking to her on the phone and listening to her dear voice. "I love you Pam", she would always say before ending our call. "I love you too Mrs. Deweber", I would say back to her before we discontted the call. I looked forward to the times when I would try and call her every month to see how she was doing and she would often call me. She had a great memory and her mind was sharp. She would keep me updated on the happenings in Jacksboro. She was a wonderful woman whom I admired and respected. She was a kind hearted and giving person. I will truly miss her.

“ We are so sorry we couldn't be there with you. We knew her as Granny. I don't believe we ever met a more special lady than her. When our softball team came to Jacksboro for a tournament years ago, she put up the whole team, and it seemed she had food prepared for us in every room. When we went to the park to play, she loaded up the food and brought it to us. She made a lot of people happy that weekend and made lifelong friends. She was so generous and you could hear in her voice the genuine love she had for life and for people. We'll always remember you Granny. God Bless all of your family.
